NOTE: Data are unduplicated at the level of the department. College sub/totals are derived as the sum of the departments, therefore reflecting duplicated counts of students with multiple majors in that college. The University total is unduplicated and cannot be determined by summing data across departments. The analysis excludes graduates who received a second bachelor's degree.

NOTE: Data are unduplicated at the level of the department. College sub/totals are derived as the sum of the departments, therefore reflecting duplicated counts of students with multiple majors in that college. The University total is unduplicated and cannot be determined by summing data across departments. The analysis excludes graduates who received a second bachelor's degree.

Pathways to Graduation of 2015-16 Baccalaureate Graduates
